

THE UKRAINE CRISIS APPEAL RESETTLEMENT FUND

Around 7,500 Ukrainians have arrived in Australia since February 2022. They now call Australia home.

Our mission is to help Ukrainian displaced persons upon arrival in Australia. We bridge the gap in government support by providing professional services which are critical to Ukrainians overcoming trauma and dislocation and becoming productive citizens,

The big challenge now is finding pathways to permanent residence. Many of them have already found some form employment but less than half in occupations relating to their skills and qualifications.

They will be an asset to Australia as hard working and dependable citizens

Ukrainians in Australia are motivated and highly educated and possess years of experience in the Top 20 Occupations in Demand as per the February 2023 [Labour Market Update](#). This cohort would be of great benefit to Australia if granted permanent residency.

Viktor & family

Good afternoon, the trip to **CYM Tabir** made a great impression on us and will be remembered for the rest of our lives. Everything was organized and thought out very well, we had a good rest, talked with friends, met new people. We sincerely thank the organizers and sponsors for this opportunity. We sincerely thank you!

Oksana and family.

I want to say that it was a great honour for our family to visit the CYM national camp!

We are delighted with such organization, discipline and friendliness!

Second.

For us, it was the first such kind of vacation. (i.e. sleep for seven days in a tent)

Which we really liked.

We had a really good time, we forgot, we switched, we rebooted. We met new wonderful people, patriots of Ukraine!

We really, really needed this camp now!

We sincerely thank you

#WeStandWithUkraine

\$607,141 raised

The AFUO Ukraine Crisis Appeal Resettlement Fund generously contributed \$15 000 to the funding “Стипендія ЮМПЗ,” which allowed 24 participants and 3 leaders who were newly-arrived from Ukraine to enrich our camp with their participation and allow them to enjoy a truly Ukrainian summer in Australian safety.

The scholarships were very successful! All the recipients had a very positive experience at the camp with many approaching the camp komanda and indicating that they were excited to continue participating in Plast events. Particularly exciting were those that had come from interstate, who were planning to return to their temporary home cities and engage with Plast and the wider Ukrainian communities there.

- "We are fighting for the freedom of our children therefore, we will win. We will never forget what our ancestors did in World War II in which more than eight million Ukrainians perished. And very soon there will be two Victory Days in Ukraine - and others will have none."

Ukrainian President Volodymyr Zelensky

President Joe Biden, President of the USA said "Ukraine has inspired the entire world with its bravery"
